Education

M.S. in Business Analytics

Jul. 2024-May. 2025

Emory University, Atlanta, GA, USA

B.S. in Business: Finance

Aug. 2018-May. 2022

Miami University, Oxford, OH, USA

Research Experience

Research Assistant

Jul. 2024-now

Emory University, Atlanta, GA, USA

- Project 1: Applied fixed-effects regression, post-double-selection Lasso, and causal forests to transaction-level data for Bored Ape Yacht Club (BAYC) NFTs to estimate and interpret heterogeneous causal effects of traits and buyer-seller wallet characteristics on prices.
- Project 2: Developed a Python pipeline (requests & Selenium) that scraped metadata and downloaded videos from Archive.org, with pagination and error handling for a USC professor's research.
- Project 3: Developed a Python document-parsing agent using the GPT-4o API that transforms semi-structured Excel product-update logs into feature-level JSON/Excel summaries (date, feature, action, products affected) for downstream analysis.

Refereed Conference Publications

Conference Presentations

Qirui Liu and Rajiv Garg, "Unveiling NFT Price Dynamics: The Interplay of Traits, Market Behaviors, and Strategic Manipulations", *INFORMS Annual Meeting 2025, Atlanta, GA, USA*

Professional Experience

Data Specialist

Jul. 2025-now

ByteDance, Remote Contract

- Data Labeling and Rubric Design for LLM training.

Data Scientist Intern

Dec. 2024-May. 2025

NCR Voyix, Atlanta, GA, USA

- Collaborated with the data science team to explore and build a new product by analyzing market opportunity windows and assessing the product's profit potential.
- Engineered unsupervised ML pipeline (K-means clustering, PCA) on customer transaction data (Size 2TB), and extended the pipeline to build Product Association (FPGrowth) and Collaborative Filtering (ALS) models to send either category or item recommendations.

Product Manager

Feb. 2023-Aug. 2025

Miracle Plus (Formerly Y Combinator China), Haidian, Beijing, China

- Worked with research engineering team to design and develop AI agents that autonomously operate our forum, attracting technical researchers to post original content and engage with other users.
- Analyzed platform user activity data to track retention and engagement, and wrote reports/memos

to recommend product optimizations based on user feedback.

- Conducted industrial research and due diligence to assist invested firms in accomplishing Product-Market Fit (PMF).

Financial Advisor Intern

Dec. 2022-Feb. 2023

Sinolink Security, Chengdu, Sichuan, China

- Advised individual clients on portfolio construction, conducting fundamental research on their equity holdings to align investment strategies with their financial goals and risk preferences.

Student Equity Analyst

Dec. 2021-May. 2022

Student Managed Investment Fund-Miami University, Oxford, OH, USA

- Served as Equity Analyst for a \$900,000 IT-sector allocation in a student-managed university endowment, performing fundamental equity research and executing trades that outperformed the sector benchmark.

Partner

Apr. 2020-Jul. 2021

Oho Yeah Xinjiang Buns, Chengdu, Sichuan, China

- Oversaw the budgeting, operations, and management of a local restaurant specializing in Xinjiang cuisine.

Service

Program Committee, *IFORMS Data Science Workshop*, (2025)

Financial Officer, *C-Hope*, *Miami University*, (2021-2022)

Calligraphy Teacher, *Chinese Arts & Culture Club*, *Miami University*, (2018-2022)

EcoRep, *Residence Hall Community Leadership Teams*, *EcoReps Miami University*, (2018-2022)

Private Portfolio Organizer, *Pro bono*, (2019-2022)

Vice President, *Richard L. Nault Chapter of National Residence Hall Honorary (NRHH)*, *Miami University*, (2019, 2020)

Residence Assistant, *Miami University Office of Residence Life*, (2019, 2020)

Service Leader, *RISE Alternative Springbreak*, *Miami University RedHawk*, (2018, 2019)

Competitions & Awards

Travelers Insurance Predictive Modeling Competition National Finalist, *Travelers* (2024)

Hundred Innovators Leading Award (Best Performing Department), *Miracle Plus* (2023)

Student Staff Award, *Miami University Office of Residence Life* (2019)

National Student Leadership Award Nominee, *National Association of College and University Residence Halls* (2022)

First Year Experience Award, *The Central Atlantic Affiliate of College and University Residence Hall* (2019)

Miami University Dean List (2018, 2019)

Skills & Interests

Technical: *Python, R, SQL, JavaScript, C++, HTML/CSS*

Language: *English (Fluent), Mandarin (Native), Japanese (Conversational)*

Musical: *Violin, Piano, Guitar, Garageband (Song Artist on NetEase Music), FL Studio*

Visual: *Chinese Traditional Painting & Calligraphy, Digital Art (Procreate, Photoshop), Oil Painting, 3DMax*
